When is a Works Zone Application required?

This application form is to be submitted to establish a temporary signposted 'Works Zone' parking area adjacent to a building site for vehicles engaged in construction work.

About this Application Form:

1. The application will not be considered for assessment until the required fees have been paid.
2. Application fee is non-refundable if the application is not approved.
3. All documentation as listed in Part 7: Declaration must be submitted. Failure to provide the required information may result in the application not considered for assessment and not approved.
4. The processing time for the application is a minimum of 10 working days excluding weekends and public holidays.
5. This application does not constitute an approval to proceed with any works. Establishment of a Works Zone may only commence following receipt of the Approval Letter from Council and the installation of the signposted 'Works Zone'. The Approval Letter must be kept on-site at all times during the period of placement.
6. Applicant must notify Council in writing no less than 10 working days in advance of the date upon which the Works Zone expires and would be no longer required. Failure to do so will result in the applicant being held legally liable for the continue Works Zone rental fees for a period of time.
7. The approval of a Works Zone does not exempt the applicant from their obligations to obtain separate approvals for Stand Plant, Building Waste Containers and Storage of Building Materials on Footpath and Road Reserve when applicable.

Part 8: Conditions

1. Permit specifications

The 'Works Zone' area shall be signposted 'Works Zone' with appropriate hours conforming to the hours of building works stipulated by Council on the relevant development application. These hours of operation would normally be from 7.00am to 5.00pm Monday to Friday and 8.00am to 1.00pm on Saturday. Clearways and peak hour parking restrictions must remain in force. Any variation to these times must be approved in advance by the Northern Beaches Council Local Traffic Committee. Unless signposted otherwise, Works Zones will revert to normal parking outside these operating hours.

Vehicles parked in a 'Works Zone' shall comply with Australian Road Rules. A driver must not stop in a Works Zone unless the driver is driving a vehicle that is: engaged in construction works in or near the Zone; or be permitted to stop in the Works Zone under another law of this jurisdiction. A Works Zone is a length of a road to which a Works Zone sign applies. Occupation of the kerb space may only commence following installation by Council of the works zone signs.

During the full period of construction of the project, the applicant shall be responsible for maintaining all traffic and parking restriction signs associated with the implementation of the Works Zone adjacent to the building site. This includes Works Zone signs and/or other parking restriction signs introduced by Council to facilitate the building works. At no time shall the applicant attempt to remove, add or relocate such signs.

The Works Zone will be sited in a manner to cause the least interference with both pedestrians and vehicular traffic and be subject to the approval of the Traffic Engineer.

Unless otherwise specifically approved in writing by Council, all works, processes, storage of materials, loading and unloading associated with the development are to occur entirely on the property. The applicant must apply for specific permits available from Council.

Goods and materials should be located within the construction site boundaries and not in the Works Zones. A separate permit must be obtained in advance from Council for the Storage of building materials on footpath and road reserve. Additional fees apply.

All building waste containers should be located within the construction site boundaries and not in the Works Zone area. Permission to locate a building waste container in the Works Zone area will only be granted in exceptional circumstances where no storage space is available within the site. For works associated with the above, a separate Building Waste Container Application is required for submission. Additional fees apply.

Cranes, hoists, concrete pumps and other plants should be located within the construction site boundaries and shall not be placed upon a public land (roadway and/or footway). For works associated with the above, a separate Stand Plant Application is required for submission. For placement of cranes, hoists, concrete pumps and other plants. Additional fees apply.

The approval of works on public land (roadway and/or footway) is regulated through the Local Government Act 1993 and associated Regulations. Any approval granted for this activity does not endorse or approve the design or structural adequacy of the works, system or operation for the purposes of satisfying a person's responsibilities under the Work Health and Safety Act 2011 and Regulations.

2. Development consent

If applicable, permits will only be issued where appropriate Development Consent, Development Application or Construction Certificate, exists for the subject address.

3. Public and site safety or access

Responsibility for pedestrian and road users' safety rests with the applicant from the commencement of work until completion.

The work and management of pedestrians and vehicles shall comply with the Work Health and Safety Act. Traffic Guidance Schemes and/or Traffic Management Plans, where required, submitted with the application and is to be prepared by a Transport for NSW accredited Traffic Controller, in accordance with Australian Standard 1742.3 – Traffic Control Devices for Works on Roads and associated handbooks or Transport for NSW - Traffic Control at Work Sites Technical Manual. All Australian Road Rules in relation to traffic and sign-posted parking restrictions must be complied with.

The applicant must ensure and provide safe pedestrian access through the Works Zone area during the hours of operation. A minimum 1.5 metre wide accessible path of travel must be maintained for pedestrians at all times, clear of obstructions between the adjacent property boundary(s) and the kerb.

4. Indemnity and public liability insurance

The event applicant shall indemnify Northern Beaches Council against all claims for damage or injury that may result from the activity or occupation of part of the public way during the activity. A copy of the applicant's current public liability insurance providing coverage for a minimum sum of \$10 million must be supplied to Council before the permit will be issued.

It is the applicant's responsibility to ensure Council has a copy of the current policy.

5. Environment protection

The applicant is responsible for any environmental pollution resulting from the activity. Shall pollution occur, the applicant is responsible, at their own costs, for returning the affected area to its condition prior to the pollution.

If the applicant does not comply, Council may undertake the necessary work and the applicant will be required to reimburse Council for the cost of this work. On-the-spot fines can apply to corporations or individuals who fail to prevent pollution of public land - not less than \$4,000 per individual or \$8,000 per corporation as per the Protection of Environmental Operations Act 1997.

6. Permit to transfer and/or extend

Permits may be transferred and/or extend to another date and activity may only commence following receipt of the approval letter from Council. Applicants wishing to transfer and/or extend the Works Zone must notify Council in writing no less than 2 weeks in advance of the Works Zone expiry date. The extension of the Works Zone is subject to Council's consideration and payment of the additional rental fees.

It is the applicant's responsibility to ensure the associated documentation is valid and affected residents, Transport for NSW, State Transit Authority, Forest Coachlines and/or Emergency Services are notified if permit is extend.

The applicant must notify Council in writing no later than 2 weeks in advance of the Works Zone expiry date and would be no longer required. Failure to do so will result in the applicant being held legally liable for the continued Works Zone rental charges for the period of time that it takes to remove the Works Zone.

7. Cancellation

Council reserves the right to cancel the permit at any time if the activity fails to comply with conditions of approval or any activity contravening the Roads Act 1993, Local Government Act 1993 or any other relevantly applicable legislation. This may include the issue of a Penalty Infringement Notice or institution of legal action.

THE PERMIT SHALL BE RETAINED AT THE SITE AND PRODUCED FOR INSPECTION BY AN AUTHORISED COUNCIL OFFICER AT ANY TIME DURING THE PERIOD OF THE PERMIT.

8. Notification

When applicable, Council requires the following:

Notification letter – A minimum of 48 hours of written notice must be hand-delivered to residents and/or businesses. The notification letter must also include a contact phone number of the site officer for residents' enquiries. A copy of the notification letter is to be provided to Council.

A letter of approval – This may be required from affected residents, businesses, Transport for NSW, Sydney Buses, Forest Coachlines and/or Emergency Services.

9. Road occupancy licence

A separate Transport Management Centre - Road Occupancy Licence approval must be obtained prior to submitting this application when the Works Zone stands within 100m of traffic signals and/or stand on any State or Regional Road as listed below.

Any conditions specified in the Road Occupancy Licence that may impact their road network including approved hours of work will reflect Council's approval.

Transport Management Centre requires a minimum of 10 working days for processing from the date of receipt. The applicant must contact the Transport Management Centre to apply for a Road Occupancy Licence: Road Occupancy Unit (ROU), 25 Garden Street, Eveleigh NSW 2015 or PO Box 1625, Strawberry Hills NSW 2012, Phone: 8396 1513, Email: tmc_piu@tmc.transport.nsw.gov.au.
