

Sport and Recreation Infrastructure Grants Program Guidelines 2022/23

Overview and objectives

Council's 2022/23 Sport and Recreation Infrastructure Grants Program aims to improve sport and recreation facilities on the Northern Beaches.

We are seeking projects that address one or more of the program objectives:

- Increase opportunities for participation in sport, recreation and active play
- Improve the viability of sport and recreation groups
- Develop safe, accessible and family-friendly facilities

Funding

The 2022/23 Sport and Recreation Infrastructure Grants Program has \$100,000 available for infrastructure projects.

Minimum Grant Value:

\$10,000

Maximum Grant Value:

\$50,000

Eligibility

Your organisation:

- Must be incorporated and not-for-profit
- Must be up-to-date with any grant reporting and/or acquittals from any previous Council grant program
- Cannot receive funding for the same component/project that has previously been funded through a Council grant program.

Eligible organisations can make a joint submission and this is encouraged. However, one organisation will need to be the lead applicant. The lead applicant will enter into a funding agreement and take responsibility for the project including reporting and acquittal requirements. While a partnership may also exist between an eligible and non-eligible organisation, the main applicant **must** be the eligible not-for-profit body.

To be eligible for consideration, all submissions **must** include –

- Owners consent from the relevant Council team.
- Evidence to demonstrate all expenditure related to the project.
- Detailed quotes for all components (goods or services) over \$2,500.
- Relevant quotes with a breakdown of costs.

The above will be a **mandatory** requirement as part of the online submission form.

Late applications **will not** be accepted.

Projects

Your project must be for:

- new infrastructure or the upgrade of existing infrastructure on a Council owned or managed facility.

In relation to this grant program, infrastructure refers to capital works on a facility such as constructing or upgrading a clubhouse. This definition also extends to capital equipment items that can be removed but will become part of the facility such as tennis court nets or shade structures.

Examples of previous successful projects can be found on the Sport and Recreation Infrastructure Grant program webpage [here](#). Items such as gym/fitness equipment, team uniforms, balls, white goods are not eligible under this grant program.

Requests for funding to cover the costs of planning and/or Development Application fees are not eligible under this program.

Assessment

Successful applications will be those which best address the assessment criteria.

Assessment criteria:

1. Level to which the project addresses program objective/s
2. Level to which the project:
 - a. Addresses the principles, priorities and/or actions of the Council's Sportsgrounds Strategy and/or Strategic Directions Analysis (2017) where the project is related to a sportsground; or
 - b. Demonstrates a community need
3. Organisation's capacity and project readiness
4. Value for money

Assessment criteria 1 and 2 have double weighting, while criteria 3 and 4 have single weighting.

In an attempt to spread funding across the Northern Beaches, consideration may also be given to the geographical spread of projects and Council grant funding in prior years.

Council has discretion to seek clarifications of an application (s) in a manner that does not provide an unfair advantage to any applicant.

Sportsground Strategy (2017)

Applicants should review this document and identify how the project may contribute to the implementation of the Strategy. Both the **Sportsground Strategy** and the **Strategic Directions Analysis Report** can be found on Council's website.

Disability Inclusion Action Plan (2022-2026)

Council is committed to removing barriers so people with a disability can actively participate in community life. It is implementing the **Disability Inclusion Action Plan (DIAP)** and, where relevant, your project should reflect the priorities and actions contained within this plan. Your application should demonstrate how your project will enable people with a disability to be involved in your sport either as a spectator or participant.

The DIAP is about a commitment to making the Northern Beaches accessible and inclusive and a place for people with disability to live, work, relax and have fun.

Supporting documentation

Budget and quotes

You will **need** to provide detailed quotes to substantiate the funding amount requested and the overall cost of the project. Detail and relevant quotes are required for goods or services with an individual value of \$2,500 or more. Quotes should align with and substantiate information provided in the project budget.

The project budget **must** be presented by major line items and in enough detail for assessors to consider it within the competitive assessment process.

In-kind contributions (e.g. voluntary labour and donated materials) are allowed as a contribution to the cost of a project. Voluntary labour and donated materials including estimated value should be provided in the project budget. Volunteer labour value is to be calculated at \$25 per hour, staff wages at \$50 per hour and professional fees at \$75/\$100 per hour.

While grant funding is not dependent on your organisation contributing financially to the project, favourable consideration will be given to projects with contributions from your own organisation and/or from other sources.

Please note not all applications will be successful in receiving funding.

Your application may be successful in receiving an offer for partial funding. You will need to identify within the application if you would accept a smaller funding allocation if the assessment panel recommends it. You should also clearly identify components of the works and their relative costs within the application.

Photos and letters of support

Photos are a great way to show the extent of the problem / opportunity that you are trying to address in your grant application. You should upload images that provide visual context and close ups where appropriate.

Letters of support demonstrate broader support from the community and other user groups and are evidence of community need, support and/or partnerships in this project.

GST

All applicants must enter the income and expenditure figures exclusive of GST. All grants awarded will be exclusive of GST however, successful applicants who are registered for GST will submit a tax invoice that has the GST component (10%) added.

Successful applicants who are not registered for GST will be paid a grant that is exclusive of the GST and any GST costs incurred for this project will be a cost to the applicant. You can include this as part of your organisations financial contribution to the project.

Approvals

As your project is for work which will be carried out on Council owned or managed land or buildings, you must seek and receive owner's consent signed by the relevant Council team, **prior** to submitting your application. You are advised to request this as soon as possible to allow sufficient time to receive a response.

For a project in our parks, sportfields or open spaces you will require consent from the Parks and Recreation Team. Please contact Jacinta Houston (Recreation Planning Officer) on 02 8495 5473 or jacinta.houston@northernbeaches.nsw.gov.au

For projects relating to our buildings you will require consent from the Property Team. Please contact Greg Baker (Senior Asset Officer, Building Assets - Planning, Design & Delivery) on 02 8495 6406 greg.baker@northernbeaches.nsw.gov.au

If your project requires a Development Application, this should already be approved or have been submitted prior to submitting your grant application. Evidence of approval or DA submission should be uploaded to your grant application.

Insurance

Organisations applying for funding are required to be covered by a minimum Public Liability Insurance of \$20 million where capital works are being undertaken. It is the responsibility of the applicant to ensure that the organisation has appropriate insurance for the project. You cannot claim the cost of your insurance as part of the project costs.

How do I apply?

Applications can only be made online using the application form within Smartygrants [here](#).

Your organisation can submit more than one application however it is unlikely that you will be successful with both. The closing date is 11.59 pm Sunday 11 September. Late applications will not be accepted.

Grant writing seminar

Several grant writing webinars have been prepared by Councils Grants Coordinator to help our community improve their grant submissions. There is a general grant writing session aimed at beginners that covers everything you need to know about grant writing and shorter specialized topics on Budget Preparation and Outputs, Outcomes and Measures. [here](#).

Please note:

- Your application must be accurate and complete upon submission. If all required information is not provided you may be deemed ineligible or risk a poor assessment score.
- Once submitted, you are unable to edit the application. You should plan to submit the form a day early to allow time for last-minute errors and uploading of attachments.
- Submission of an application does not guarantee funding and the cost of preparing an application is to be covered by the applicant.
- You will receive a confirmation email from Smartygrants with a copy of your application when you submit the form

Timelines

You should ensure your organisation is capable of implementing, reporting on and completing your project within the timelines outlined below.

Application

The grant round will open on Monday 1 August 2022, 9am and closes Sunday 11 September 2022, 11.59pm. Late applications or attachments will not be accepted.

Notification

We anticipate that a report about projects recommended for funding will be considered at a Council meeting by December 2022. All applicants will be notified of the outcome of their application in writing.

Invoicing and funding agreement

If you are successful in receiving grant funding you will be required to enter into a funding agreement with Council and must receive consent to undertake works from the relevant Council team before initiating the project.

The recipient can apply to receive 50% of the funding amount at the beginning of the project to assist in initiating works. Requests will be subject to meeting Council's requirements.

A final payment of 50% will be made once work is completed, the relevant Council team gives final sign off and supporting documentation (relevant invoices/receipts) is supplied with all valid tax invoices submitted.

Project implementation

Your project must be complete by 31 May 2023 to allow time for Council to assess the project and grant funding to be acquitted and paid. The final grant payment must occur prior to 30 June 2023.

Reporting

As a condition of funding you will be required to submit:

- Progress reports
- A final report and a grant acquittal statement (templates will be provided by Council) which are due within one month of project completion. .

All reports will require evidence of project activities i.e. photos, statements by contractors invoices and receipts.

Contacts

To discuss your project, seek assistance or clarification with the application form or program guidelines, please contact Jacinta Houston, Recreation Planning Officer, on 02 8495 5473 or jacinta.houston@northernbeaches.nsw.gov.au.

Please note that Council will **not** accept or respond to any applicant's requests for information or correspondence about the status or progress of their application during the assessment phase. At the end of the selection process, Council will write to all applicants notifying them of the outcome of their application.

Privacy and personal information

Northern Beaches Council has certain obligations in relation to the personal information that it collects from an individual. Personal information collected by Council is held and used by Council as permitted by the Privacy and Personal Information Protection Act 1998 (PPIPA).

When you lodge a community grant application including the Sport and Recreation Infrastructure Grant Program, Council will collect your personal information under PPIPA guidelines. Personal information collected by Council will include your name, contact details and other personal information included in the grant application.

The agency collecting the information, and which will hold the information, is Northern Beaches Council of 725 Pittwater Rd, Dee Why NSW 2099.

The information being collected will be used for Council's purposes, including for the grants program and any other funding applications you may have with Council. Recipients of the personal information will be officers within Council, data service providers engaged on occasion by Council and any other agents of Council. The supply of information by you is voluntary; no law requires you to provide any personal information to Council. If you cannot, or do not wish to provide the information sought, Council may be unable to process your application.

Under PPIPA, you have the right to access your personal information held by Council, without excessive delay or expense. You also have the right to have your personal information corrected in certain circumstances (e.g. if it is inaccurate).

Should you wish to access or correct your personal information, please make a written request to Council by either emailing us at council@northernbeaches.nsw.gov.au or writing to us at Northern Beaches Council, 725 Pittwater Road, Dee Why NSW 2099.
